## PROFESSIONAL EXPERIENCE

### Management Consultant

SC Vistas, Inc. (Subcontracted to Deloitte) | Remote

Aug 2022 – Current

*Strategic consulting firm where Workforce Development meets Strategic Alignment*

- Acted as analytics SME for client-facing teams within the Department of Veterans Affairs (VA), using data to support operational decisions, stakeholder engagement, and contract execution across 18 regions.
- Automated reporting of medical distributor stocking data to provide real-time visibility into supply chain disruptions affecting critical medical supplies, saving over 1,000 labor hours annually and reallocating over \$1M in staff time to other priorities.
- Built scalable Power BI dashboards that visualize contract performance, stakeholder readiness, and compliance metrics across enterprise and regional levels.
- Designed and implemented Power Automate workflows and SharePoint List integrations to automate distribution of facility-specific analytics and weekly performance digests.
- Translated executive needs into reporting requirements, enabling proactive oversight and timely decision-making.
- Delivered training on Power BI and Power Apps tools across a 15-member workstream, improving data fluency and self-service analytics.

### Management Consultant

Supply Chain Visions, Inc. | Remote

Oct 2023 – Feb 2024

*Consulting firm serving executive-level clients in Supply Chain and Performance-Based Logistics (PBL)*

- Led analysis for a Performance-Based Logistics (PBL) study, developing visual tools and KPI models to benchmark vendor effectiveness and inform pay-for-performance strategies.
- Created executive-level presentations summarizing data insights, risk assessments, and program design tradeoffs to support federal stakeholder strategy discussions.
